- Main Outcome: Biography / autobiography

GEOGRAPHY

River Study

- Identify and names parts of the river system.
- Identify river features in the field and record change along a rivers course.
- Record and understand the data and information gathered from a visit.
- Understand and use appropriate geographical vocabulary in explanations.
- Describe the Water Cycle.
- Understand what happens to rainfall when it hits the ground.

SCIENCE

This term our topics are:

Properties and changes of materials

- We will be comparing and grouping together everyday materials.
- Know that some materials will dissolve in liquid to form a solution, and describe how to recover a substance from a solution.
- Use knowledge of solids, liquids and gases.
- Demonstrate that dissolving, mixing and changes of state are reversible changes.

ART

We will be exploring portraits and using mixed media to create our final piece of artwork.

D.T.

We will be learning about bridges. We will be using wood to create a truss bridge, evaluating as we go!

HISTORY

Who should be King?
(1066)

- Why did they need a new King?
- Who were the contenders?
- How did they decide?
- Who was King in the end?

R.E.

The units we cover are:

- Creation
- Miracles of the Sacrament of the sick
- Advent

'YOUR CHILDREN WILL BE TAUGHT BY THE LORD AND GREAT SHALL BE THE PEACE OF YOUR CHILDREN'
